To Whom It May Concern:

The Mazzali Agency has been managing our group health care since 1999. During this time, they have provided us with group-specific health care options and helped us realize significant savings. Along with providing options to reduce health care costs, Mazzali Insurance Agency representatives provide high quality customer service. They have gone above and beyond in providing exceptional support to office staff and individual employees.

On behalf of the Alger County Road Commission, I highly recommend the Mazzali Agency for group health services.

Sincerely,

ALGER COUNTY ROAD COMMISSION

  
James Gariepy  
Finance Director
