
TAHQUAMENON AREA CREDIT UNION

May 23, 2014

To Whom It May Concern:

I am pleased to recommend the Mazzali Agency as your new partner in administering employee health insurance benefits for your organization. I refer to the Mazzali Agency as a partner because that is the level of service the Mazzali Agency has provided Tahquamenon Area Credit Union since December 2007.

For over six years, the employees of the Mazzali Agency, and especially Kim Moote, have taken a personal interest in providing cost-savings options each year during our policy renewal review. Additionally, they have become personally involved whenever coverage/claims issues have arisen.

During my 15 years at Tahquamenon Area Credit Union, I have had the opportunity to interact with many vendors for a variety of services. It has been my experience that it is rare to encounter an organization that is willing to meet (let alone exceed) the level of service promised, as the Mazzali Agency has done time after time.

If you need any additional information, please feel free to contact me personally at our Newberry office.

Sincerely,

Chris Ison, CCUE
President/CEO
